

KURT LAWRENCE TOLENTINO

Software Developer | Fresh Graduate, B.S. Information Technology

Quezon City, Philippines | klawrence.tolentino@gmail.com | +63 910 297 6485 | linkedin.com/in/kurt-tolentino-717275347 | github.com/shiezZz

SUMMARY

Fresh Information Technology graduate with hands-on experience building full-stack web and mobile systems using Firebase, Python, and Java. Led a 4-person capstone team to deliver a biometric attendance system end-to-end, and led the web development side of an internship on a live suite-booking platform. Strong foundation in frontend/backend development, QA testing, and team leadership.

EDUCATION & CERTIFICATIONS

B.S. Information Technology —

College of St. Catherine Quezon City

Sept 2022 – July 2026

TECHNICAL SKILLS

- Languages & Frameworks: Python, Java, C#, JavaScript, HTML, CSS, Dart, Django
- Platforms & Tools: Firebase, Neon (PostgreSQL), XAMPP, Android Studio, GitHub, VS Code, Claude, Discord
- Core Competencies: Frontend & Backend Development, Manual Software QA/Testing, Test Case Execution & Review, System Defect Management, Test Management

EXPERIENCE

Lead Web Developer — Intern — Alpha Centauri Garments Corporation

Feb 2026 – May 2026

StaycationHavenPH — live online suite-booking platform

- Led a 6-person development team on the web platform for StaycationHavenPH, a live online suite-booking system.
- Built the partnership module using Claude, Neon (serverless PostgreSQL database), and VS Code, coordinating team workflows through Discord.
- Configured and consolidated 5 TP-Link Deco mesh network nodes into a single unified account for streamlined office-wide network management, and resolved connectivity issues by crimping and re-terminating RJ45 cables.
- Identified and resolved bugs across assigned modules, improving feature stability ahead of release.

Student Portal Assistant (Part-Time) — CSCQC

Feb 2024 – Mar 2024

- Managed and resolved class schedule conflicts for all tertiary faculty members, ensuring accurate and up-to-date scheduling across departments.
- Prepared and maintained class records and academic reports using Word, Excel, and PowerPoint to support administrative operations.
- Enrolled students into the school's online portal, gaining practical insight into portal architecture that later informed personal development projects.

PROJECTS

Capstone Project Lead — Biometric Attendance Monitoring App, CSCQC Faculty Attendance System 2025 – 2026

Team of 4

- Led a 4-person team to design and build an attendance app enabling teacher time-in/out via biometrics or QR code with two-factor authentication.
- Built the professors' application and configured Firebase for data storage and authentication.
- Ensured the system was functional, responsive, and user-friendly through iterative testing.
